

# SLEEVE-CLAMP™

## SECURE YOUR SLEEVES

Designed to hold pipe sleeves in place for welding during the pipe repair process, LVI Supply's new **SLEEVE-CLAMP™** is the engineered solution you've been waiting for. Featuring color changing chain links that visibly show if the chain has been compromised from heat, chain overload link, and an included preset torque wrench, **SLEEVE-CLAMP™** has been engineered to give you maximum clamping force in a safe, reliable system.

### **SLEEVE-CLAMP™ SYSTEM FEATURES:**

- » Specialized chain coating easily identifies if chain components have been compromised from overheating
- » Overload link designed as a fail-safe to prevent excessive chain load
- » Easy to use calibrated torque wrench included
- » Engineered system components work together for enhanced safety

**THE PARTS YOU NEED.  
THE SERVICE YOU WANT.**

# SLEEVE-CLAMP™

## LARGE

<b>PART NUMBER</b>	LVIS1027
<b>MODEL NUMBER</b>	SCL
<b>MAX CLAMPING FORCE</b>	13.5 US TONS
<b>CLAMPING CAPACITY</b>	<b>PIPE DIAMETER</b>
SHORT CHAIN ASSY (LVIS1027-6)	12" to 28"
LONG CHAIN ASSY (LVIS1027-7)	12" to 48"
<b>OPERATING TEMP.</b>	<b>RANGE</b>
CHAIN ASSY	-40°F to 350°F
JACK & BASE	-40°F to 200°F
<b>WEIGHT</b>	
SHORT CHAIN ASSY	94 LBS
LONG CHAIN ASSY	106 LBS

## MEDIUM

<b>PART NUMBER</b>	LVIS1049
<b>MODEL NUMBER</b>	SCM
<b>MAX CLAMPING FORCE</b>	7.0 US TONS
<b>CLAMPING CAPACITY</b>	<b>PIPE DIAMETER</b>
SHORT CHAIN ASSY (LVIS1049-6)	12" to 28"
LONG CHAIN ASSY (LVIS1049-7)	12" to 48"
<b>OPERATING TEMP.</b>	<b>RANGE</b>
CHAIN ASSY	-40°F to 350°F
JACK & BASE	-40°F to 200°F
<b>WEIGHT</b>	
SHORT CHAIN ASSY	71 LBS
LONG CHAIN ASSY	78 LBS
